# THE DUBAI GALA DINNER & EXHIBITION

Leave lasting legacy

One night — three aims:

**for peace, education and  
tolerance.**

We invite you to a wonderful event in  
support of the opening of the Centre  
of Development and Culture in Dubai.

30 July, 2016

Dubai, UAE

**Celebrating Japanese holidays in Ukraine.**

# About

The Centre of Development and Culture "Sakura Matsuri" is first innovative education and cultural project founded in 2003 to fill in the intellectual and cultural vacuum in the modern society, renew the cooperation and unite people.

**Key mission** of the Centre is peace and cooperation.

International exhibition “Kimono—100 years of Japanese Fashion”

# TASK 1. Tolerance.

*The one brought up with love carries love.*

To gain understanding we need to cultivate certain values in childhood. As the adults, making decisions, do this on the basis of concerns and ideas formed when they were children.

Cultural events and acquaintance with traditions and customs of other nations help to gain understanding that other people, other nations, other cultures do exist, joint with the one thing—the place we all live —**the Earth.**

**Readiness to accept the difference make us People and let us live in peace.**

## TASK 2. Education.

*The modern world requires the modern speed.*

**Innovative decisions on basic and further education**

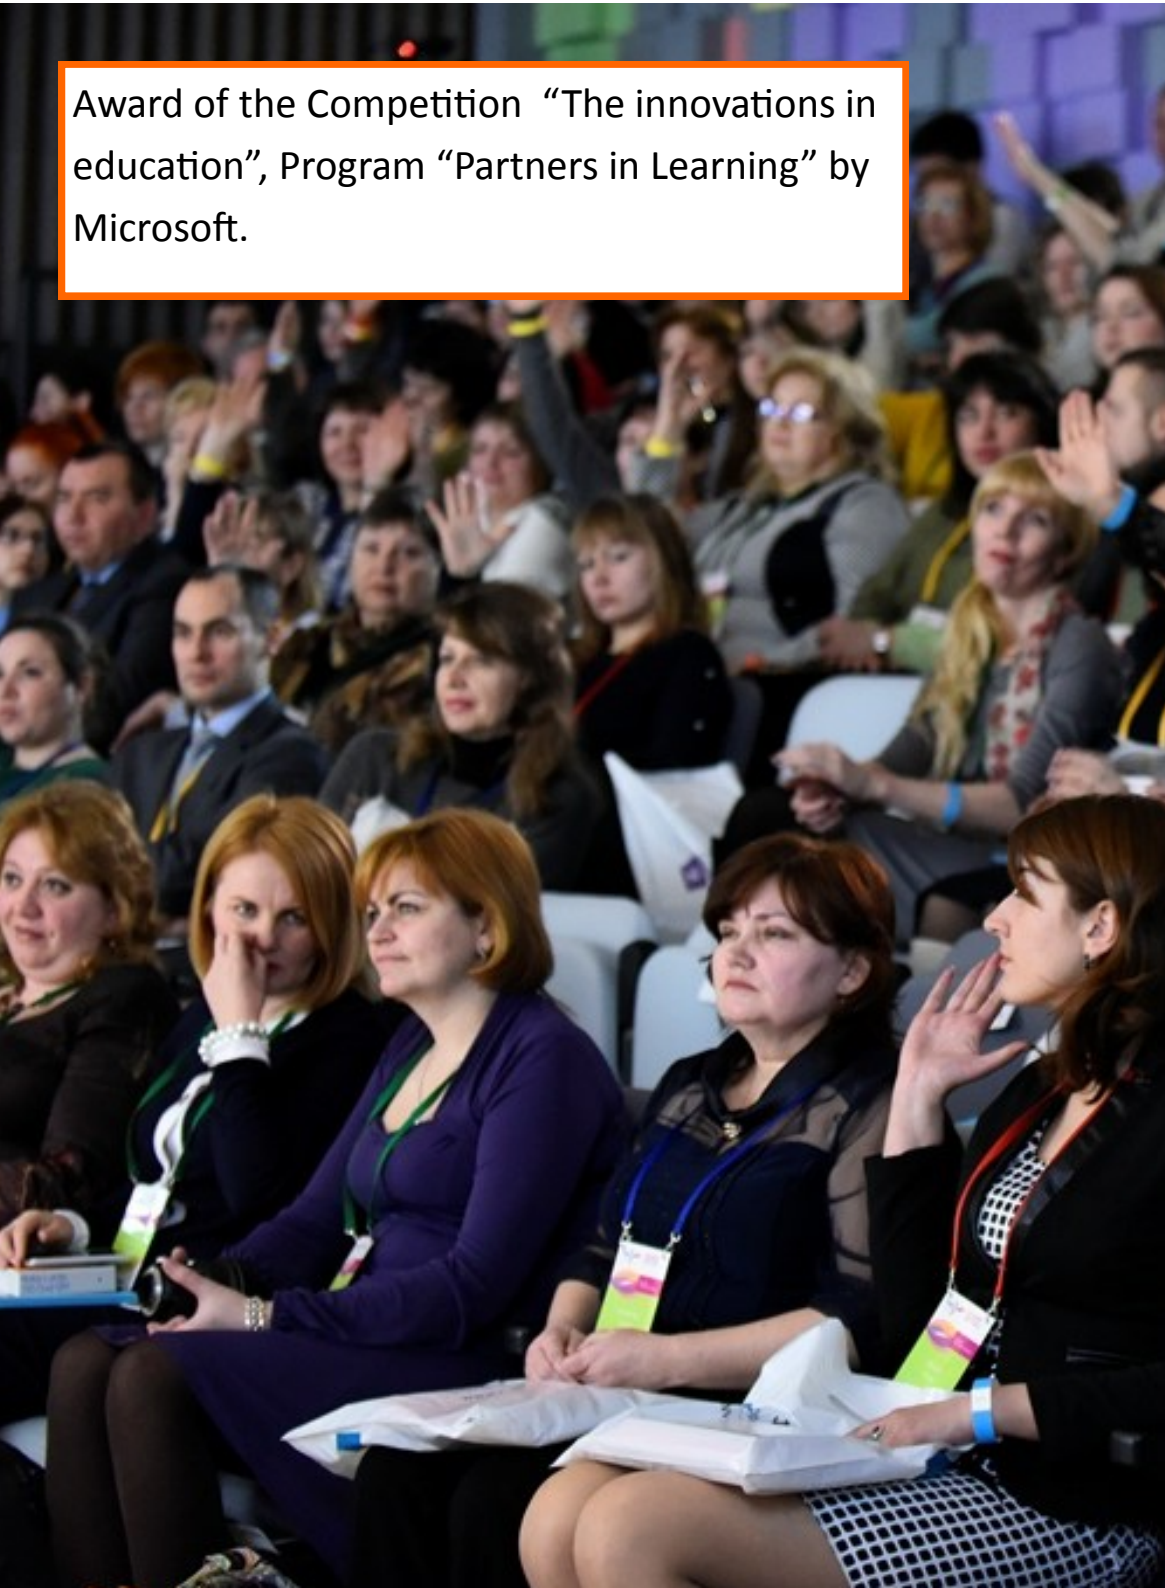

**are based on** individual perception, needs and predisposition;

**result in** the increase of the effectiveness of the education, decrease of the time necessary for mastering skills and improvement of the attitude to the learning process.

**Key concept** is a complex of education methods such as visualization, game method, multimedia, interactive learning method, mnemonics, art, role playing and others.

Award of the Competition “The innovations in education”, Program “Partners in Learning” by Microsoft.

## TASK 3. Care.

*Contribute. Develop. Care.*

Since 2003 we organized thousands of events aiming to favor international cooperation, understanding among nations, promotion of healthy life style and other honorable aims: conferences, exhibitions, competitions, contests, presentations, Culture days, festivals, as well as supported multiple charity and social events: "Red nose festival" - for children suffering from cancer support, "Happy paw" - for homeless animal care, "International Day of the deaf", Eco festival "Happy family", "East Fest" for acquaintance with Islamic culture, multiple art festivals, exhibitions, conferences devoted to Sport, Health, Children Care, Education, World Wide Cooperation and others. Beyond this, we developed programs for care:

- Smart camp — programs for healthy life style and introducing of family values.
- Wise heart — a program for cancer cure.
- "Chilli mama" - a program for women's health restoration after birth of a child.
- Art programs for children with disabilities.
- Programs for cultural exchange.

# Achievements

In 2005 we developed the method of Japanese language teaching from zero level, conducted the investigation "The influence of Eastern arts on intellectual development and health of a human", created a game method for Japanese language teaching. Express English method was established— "Master of English in 15 minutes". Complex programs for teaching specialized English was developed. An investigation "The key features of Japanese PR and marketing and the way of usage" was conducted.

In 2007 the method of hieroglyph teaching was developed. This year we were first in the world to develop the complex methodology of Japanese art teaching including origami, Japanese and Chinese calligraphy, Ikebana and others. Conception of "Smart camp" was established – the balanced rest for everybody – mind, creativity and health; family interconnection. This year the beginning of investigation of the Japanese art influence on cure and prevention of several diseases took place.

In 2008 the method of teaching Eastern language grammar was developed including English, Japanese, Chinese and Korean languages. Text-books on origami and Japanese calligraphy were published. New way of Ikebana was designed – "Yuki No Hi".

2009-2014 years. Experimental method of Japanese language teaching, its implementation, test and correction. Experimental methods on cure and prevention of several diseases. The start of recreation program for women.

In 2014 due to the innovation method of Japanese language teaching method the following results were achieved:

- the time necessary for Japanese alphabets study was reduced up to 3 hours. In 3 hours now students learn how to read and write in Japanese; the time required for mastering language skills reduced in 7,4 times.
- The time necessary for gaining Intermediate level in English and Japanese was reduced up to 14 months from zero level.

In 2014 game method gained Microsoft Award.

In 2015 development of interactive methods of education was started. The recreation woman program started.

**Since 2003 we look for, find, preserve and develop historical, art and tradition legacy of the nations.**

**We build the bridge across the gap of misunderstanding.**
